

# JRH

## Electronics, LLC

*For more than 30 years JRH has been an authorized distributor of high quality, mission critical, harsh environment, high reliability, interconnect, switch, sensing, resistive, and heat shrink products. Our lines are the industry leaders in all our segments. As an authorized distributor, and an AS9100 certified supplier with access to more than \$90 million worth of inventory, JRH is uniquely poised to help meet small business spending goals and minimize your costs. JRH is committed to continuing to provide best value to our customers and we look forward to assisting you with best-in-class customer service.*
